Post June 5, 2018: Significant downtrend is observed.

## TVS Motors

Jan 9, 2017 – Jan 24, 2018: Significant upward trend.

Post Jan 24, 2018: Relatively fair down trend is observed.

### Overall observations:

- The auto industry which has key players like Bajaj, Eicher, Hero & TVS have shown upward trends until late 2017 or early 2018. There is a relatively fair down trend observed among the players post Oct, 2017/Jan, 2018.
- Of the two key players (TCS/Infosys) of software industry TCS is a better performing stock until June, 2018 post which it had serious downward trend in its stock. On the other hand Infosys had a really bad 2015 and the downward trend of its stock continued till late 2017 post which the stock has recovered a bit.
